Home for Christmas — Week 2 — Mighty God

Have you ever taken any time to think about how mighty God is? Simply think about all of the things that have to happen to see a sunset. It took your lens, iris, ocular muscles and many other parts of your eye all functioning at the same time. It is amazing to think that God was able to create something as complex as the eye by merely taking the dust of the ground and breathing upon it. He is mighty and He is our God.

Tell us about a time you felt completely separated from God?

What are some things that you have tried in the place of Jesus?

What is the difference between merely wanting to be around Jesus or wanting to touch him?

What can happen when we desperately seek to reach out and touch Jesus? (Mark 5:30-34)

Why are people without Christ empty?

What things do you see since meeting Jesus that you were not able to see before he changed your life?

One simple touch from the Lord completely changed the life of the woman in Mark chapter 5. One touch that probably lasted no more than a second completely and totally changed her life. What could our lives be like if we allowed the same hands that molded the universe to mold our very being?
